Crawler Type Mobile Crushing Station

General Description

Crawler moving crushing station is a high-efficiency crushing equipment, using self-driven mode, advanced technology and complete functions. In any terrain conditions, this equipment can reach the workplace at any location. By means of a wireless remote control, the crusher can be easily moved to the trailer and transported to the workplace. Since no assembly time is required, the equipment can be put into operation immediately.

Performance Advantages

1. Light weight, small size, particularly suitable for narrow site work.
2. Convenient transportation, track walking, do not damage the road, adapt to a wide range.
4. The whole machine adopts all wheel drive, can realize in situ steering, with perfect safety protection function.
5. Using double layer structure, without support, can stand freely.
6. Fuel saving rate of up to 25%, both in line with environmental needs and cost savings.
7. Random with power set, optimal design.
8. Can climb operation, meet mine, hydropower station, coal mine engineering crushing requirements.
9. According to the different needs of different customers to flexibly configure a broken, two broken and broken level three.

Applications

1. Material: gravel, rocks (limestone, granite, etc.), ore tailings.
2. Industries: mines, coal mines, garbage and construction waste recycling, earthwork, city infrastructure, road, building works and other site operation.

HENAN WINNER VIBRATING EQUIPMENT CO., LTD
Enterprise Profile

Since 1954, Winner Group started the factory manufacturing Vibrating Feeder, Jaw Crusher, Impact Crusher, Cone Crusher, Vibrating Screen, Belt Conveyor, Construction Demolition Waste Recycling, Municipal Solid Waste Recycling, Sand & Stone Production Line and so on, with a wide application in Coal industry, Steel, Metallurgy, Mining, Construction, Chemical industry, food industry etc.

Located in Xinxiang city, China, 1 hour by car to the airport, with employee more than 1000, among whom 380 R&D engineers, a provincial research center, owning 133 invention patents and utility patents, ISO and CE criteria, top brand in domestic market and more than 30 countries exporting cases, this is how Winner Group guarantee the product quality and technical services.

With lots of government quality awards and technique awards, Winner serves the customers including China Bao Steel, China National Coal Group, Shenhua Group and Exports to USA, France, Brazil, India and other countries. Winner Group will always be there to provide you customized crushing and sorting solutions.
