Multi-axis Oval Mine Sieve

Structure

Triaxial oval mining screen by the sieve box, exciter, the second vibration isolation device, the bottom bracket assembly, motor, motor bracket, transmission part, damping system and other components.

The series of vibrating screen using two parameters of the asynchronous motor to drive three series of three-axis exciter for elliptical motion.

Product features

1. Vibrator installed in the upper part of the screen box, vibrator and screen surface distance between the full and can be applied to the screening of high-temperature materials to facilitate the heat shield design and installation, greatly reducing the high temperature materials on the vibrator heat transfer, To ensure the life of the vibrator.

2. Vibrator maintenance, maintenance more convenient, can reduce downtime.

3. With the same size and linear vibrating screen vibrating screen, compared with a greater capacity and screening efficiency.

Advantage

1. Processing capacity, high screening efficiency.

2. Screen trajectory for oval-shaped, smooth movement, low power consumption.

3. Double amplitude, vibration direction angle, vibration frequency can be adjusted, easy to adjust, simple.

4. Material screening smooth, not easy to plug holes, blocking material.
Enterprise Profile

Since 1954, Winner Group started the factory manufacturing Vibrating Feeder, Jaw Crusher, Impact Crusher, Cone Crusher, Vibrating Screen, Belt Conveyor, Construction Demolition Waste Recycling, Municipal Solid Waste Recycling, Sand & Stone Production Line and so on, with a wide application in Coal industry, Steel, Metallurgy, Mining, Construction, Chemical industry, food industry etc.

Located in Xinxiang city, China, 1 hour by car to the airport, with employee more than 1000, among whom 380 R&D engineers, a provincial research center, owning 133 invention patents and utility patents, ISO and CE criteria, top brand in domestic market and more than 30 countries exporting cases, this is how Winner Group guarantee the product quality and technical services.

With lots of government quality awards and technique awards, Winner serves the customers including China Bao Steel, China National Coal Group, Shenhua Group and Exports to USA, France, Brazil, India and other countries. Winner Group will always be there to provide you customized crushing and sorting solutions.
